

FINANCIAL AND INSURANCE RECORDS

To ensure that you are protected after an emergency, it is necessary to protect and preserve your family's valuable financial and insurance records. During the excitement of an emergency situation, it is easy to forget about protecting important records. Instead, prepare for such an event by making sure these records are already part of your emergency supply kit.

All personnel should maintain a basic level of preparedness for all potential hazards.

You are encouraged to get an emergency supply kit, make a family emergency plan and be informed about what might happen.
