

Graf. Garrison

Operating Instructions

Date:

Installation: _____

Unit: _____

Working Area:

Workshop

Workplace/Activity:

Repair / Maintenance / Storage

Hazardous Substance Group

Universal-thinner

Example: Paint thinner

Hazard for Human Health and the Environment

- Fire danger due to the release of easily flammable vapors
- Danger of formation of explosive vapor/air mixtures
- Degreasing effect on skin
- Splashes may lead to eye damage
- The vapors of some of these hazardous substances are noxious and narcotic

Protective Measures and Behaviour Rules

- Wear **safety goggles** and **safety gloves**
- Keep away from ignition sources (hot parts, open fire, cigarettes)
- Avoid contact with skin, mucous membranes and eyes
- Do not inhale vapors
- Keep containers tightly closed

Behavior in Danger Situations

- **Accidental release:** Use adsorbent for cleaning of spillages/leakages of liquids (Spill Kit!), put contaminated adsorbent into designated waste container
- **Extinguisher media:** Extinguish small fires with powder-, CO₂- or foam-extinguishers; do not use water for fire extinguishing. If the fire cannot be controlled, leave the endangered area immediately and call the fire department

EMERGENCY NUMBER: 117 (Fire Department)
NEXT TELEPHONE: _____

First Aid

- After **eye contact:** Immediately flush thoroughly with plenty of water for at least 10 minutes, contact eye specialist
- After **skin contact:** Immediately wash with water and soap thoroughly, immediately take off contaminated clothes, in certain cases (e.g. skin redness or sickness) get medical attention
- After **inhalation:** Remove to fresh air
- After **swallowing:** Rinse mouth thoroughly and then drink plenty of water, immediately get medical attention
- Use water for cooling of burns, get medical attention

EMERGENCY NUMBER: 117 (Fire Department)
NEXT PHONE: _____

Proper Disposal

Collect waste/residuals in a resistant, lockable and labelled container and keep at the HWAP prior to proper disposal.

Additional Remarks

Special information with reference to possible hazards for human health and environment as well as to hazard characteristics of the individual hazardous substances should also be taken from the **Material Safety Data Sheets (MSDSs)**. For further information please refer to "**General Operating Instructions**".
