Waste directory for the administrative district of Bayreuth

The most important arrangements in few words

► Waste bins

Forms for the registration and deregistration of waste bins are available at www.landkreis-bayreuth.de/abfall or at the district administration respectively the community office. All blanks must be signed by the property owner. Residual waste bins are available in the measurements of 50 / 80 / 120 / 240 / 1.100 litres; bio waste bins in the measurements of 120 / 240 litres and paper bins in the measurements of 240 / 1.100 litres. Per every inchoate 120 litre residual waste capacity 120 litre bio waste capacity are allocated. If the capacity of the residual waste or bio waste bin is not enough, it is possible to obtain bags for residual waste respectively bio waste for a fee of 4,- € respectively 1,- € per bag at the local administration. Residual waste in great quantities can be delivered to the waste transfer station against a fee. Please inform the district administration immediately by phone or in writing, if your bin is damaged.

► Garbage disposal

The disposal of residual waste and bio waste occurs every 14 days. The disposal of waste paper occurs every 4 weeks. Please place your bins no later than 6 a.m. clearly visible and accessible at the place, which may be arranged with the district administration. Your bins should not be a danger or obstruction to pedestrians or vehicles. Bins are allowed to be filled only as far as the lid still closes. The compaction of waste is not allowed. If the approach of the refuse truck is impossible because of a construction site, the waste bins have to be located at the next spot which is possible to be approached. Parking vehicles often complicate or inhibit the correct emptying of the bins by the refuse truck. Additionally, in winter there are often cramped road conditions. If the passage is blocked for a refuse truck, the garbage collector will start a new attempt to reach this particular street section. If this can still not be achieved, the waste bins will stay remain not emptied out.

► Waste collection calendar

A personal waste collection calendar is available at www.landkreis-bayreuth.de/abfall.

► Waste disposal fees

The waste disposal fees depend on the household size, whereby a minimum capacity graded on the scale of the household size is compulsory. For the household size, the persons with principal or secondary residence are decisive. Even if the level of the fee is linked to the measurement of the residual waste bin, the environmental waste disposal contains much more than the disposal of the residual waste; because services like the disposal of bulky waste, hazardous waste, old electric devices and potential recyclables, waste advisory, replacement of waste bins as well as construction and operating costs for the necessary waste disposal system are included in the waste disposal fees.

Maximal admitted numbers of persons	Annual fee incl. bio waste bin	Annual fee with own composting *	Minimum size of the residual waste bin
3	128,40 €	115,56 €	50 litres
5	205,44 €	184,92 €	80 litres
7	308,16 €	277,44 €	120 litres
14	616,32 €	554,76 €	240 litres
55	2.824,68 €	2.542,20 €	1.100 litres

* With own composting you can get a 10 % reduction of fees

Waste disposal fees can be paid comfortably by direct debit authorisation, which can be cancelled at any time. Fees can only be debited to the account of the property owner. Please pass on changes regarding property owner or the bank account to the district administration in writing. If neighbours use waste bins jointly, some disposal fees might possibly be saved. But it is necessary for all participating property owners to file an application. Please pay attention to the due date: all announcements of change, which come in by the 20. of a month, can be considered by the next turn of the month.

► Disposal of potential recyclable waste

Potential recyclable wastes (e.g. packaging made of plastic, tinplate, aluminium, glass, polystyrene, natural cork) are accepted at the recycling yards. In each community in the administrative district of Bayreuth there is a recycling yard. Furthermore there are publicly available container stations for individual fractions (waste glass, tinplate). For packaging materials to be recycled reasonably, they have to be collected as homogeneous and clean as possible (emptied and roughly flushed out). By collecting the different packaging materials separately a high quality recycling is possible. To avoid longer waiting periods, all packaging should be delivered pre-sorted to the recycling yard.

► This packaging can be brought to the recycling yard:

1. **Plastic packaging**, separated by
 - Plastic beakers made of PP or PS

Examples: yoghurt, curd or margarine cups and other beakers, which are marked with PP or PS.
 - Plastic bottles

Examples: shampoo bottles, bottles of washing liquids or small plastic canisters made of PE, PP, PET and other plastics.

Attention: At the recycling yard bins, in which toxic materials were contained (e.g. disinfectant or pesticides from agriculture), are **not accepted**. These bins belong into the residual waste bin, if empty. Remaining quantities have to be disposed as problematic waste.
 - Packaging foil made of PE (also HD-PE, LD-PE)

Example: shopping bags, shrink-wrap foils.

Labelling: foil made of PE is elastic without rupturing at once – opposed to foil out of PP
 - Moulded components made of polystyrene

Examples: polystyrene chips; packaging of electric devises.

Information: moulded components of polystyrene have to be **white, clean, dry and without any adhesive label**.

■ Other plastic packaging material (mixed plastics)

Examples: plastic buckets or canister, foils made of PP ("crackle foils" like bag of chips), plastic fastener, plastic flower pots as well as all other plastic packaging materials without particular identification.

Information: Metal handholds of buckets and fastener of canisters have to be removed! In paint or varnish buckets a low remain of dried up paint respectively varnish is accepted. Bins with fluid paint or varnish remains belong to the problematic waste, the ones with dried up remains can be put into the residual waste bin.

2. Composite beverage cartons (packaging made of various materials which cannot be separated by hand)

Examples: milk cartons, juice cartons, gravy containers.

Not accepted will be yoghurt or cream beakers made of carton which are coated with plastic material. These cartons belong into the residual waste.

3. Tinfoil packaging

Examples: tin cans, beverage cans, empty spray cans

Tinfoil is magnetic, aluminium isn't!

4. Aluminium packaging

Examples: aluminium foil, coffee capsules

5. PUR expanding foam cans

6. Natural corks

Examples: corks of wine and sparkling wine, pin boards (without frame and remains of glue).

7. CDs and DVDs

► **Addresses and opening hours of the recycling yards**

Ahorntal	Clarification plant near Kirchahorn	Wed 3 pm – 5 pm, Sat 10 am – 12 pm
Altenplos	Mainstraße (not for garden waste)	Wed 4.30 pm – 6 pm, Sat 9.30 am – 11 am
Aufseß	Schulstraße, fairground	Sat 10 am - 12 pm / Apr - Oct additionally every first Tue of the month 4 pm – 6 pm
Bad Berneck	Westendstraße, city construction yard	Wed 4.15 pm – 6.15 pm, Fri 3 pm – 5 pm, Sat 9 am – 12 pm
Betzenstein	Höchstädter Straße	Wed 3 pm – 6 pm (summertime) / Wed 2.30 pm – 4.30 pm (wintertime) / Sat 9 am – 1 pm
Bindlach	Griesbrückenweg (clarification plant)	Tue 2.30 pm – 5 pm, Wed 2.30 pm – 5 pm, Sat 9.30 am – 12 pm
Bischofsgrün	Glasmühle (clarification plant)	Thu 4 pm – 6 pm, Sat 10 am – 12 pm
Creußen	Am Steinkreuz 17	Sat 9.30 am – 12 pm Mar - Oct additionally Wed 4.30 pm – 7 pm
Eckersdorf	Talstraße 1a	Tue 4 pm – 6 pm Thu 4 pm – 6 pm, Sat 9 am – 2 pm
Emtmannsberg	Clarification plant near Troschenreuth	Sat 11 am – 1.30 pm Apr - Oct additionally Wed 5 pm – 6.30 pm
Fichtelberg	City construction yard/clarification plant	Sat 9 am – 12 pm Apr - Nov additionally Wed 4 pm – 6 pm
Gefrees	Roglerstraße	Mon 3 pm – 6 pm, Wed 3 pm – 6 pm, Sat 9 am – 12 pm
Gesees	Community Office, Pettendorfer Straße	Sat 10 am – 12 pm every first and third Wed of the month 6 pm – 7 pm
Glashütten	City construction yard	Mon 3 pm – 6 pm / Sat 10 am – 12 pm (every other week)
Goldkronach	Peuntgasse 21 (city construction yard)	Wed 2 pm – 4 pm, Sat 9 am – 12 pm
Haag	City construction yard, above the clarification plant	Sat 9.30 am – 11.30 am Apr - Oct additionally Wed 5 pm – 6.30 pm (only garden waste)

Heinersreuth	Barn at the Mühlbach (not for garden waste)	Thu 4.30 pm – 6 pm, Sat 10.30 am – 12 pm
Hollfeld	City construction yard, Bahnhofstraße 25 (not for garden waste)	Wed 4 pm – 6 pm, Sat 10 am – 12 pm
Hummeltal	School, bus turning area	Wed 4.30 pm – 6.30 pm, Sat 10 am – 12 pm every first Wed of the month 10.30 am – 12.30 pm
Kirchenpingarter	Schulstraße (next to the preschool)	Sat 9 am – 11 am
Mehlmeisel	Kemnather Straße 35 (clarification plant)	Wed 10 am – 12 pm, Sat 9 am – 12 pm May – Oct additionally Mon 6 pm – 7 pm
Mistelbach	Johann-Feilner-Straße 7 (commercial area)	Wed 5 pm – 6 pm, Sat 10 am – 12 pm
Mistelgau	At the city construction yard	Tue 8 am – 9 am, Thu 3 pm – 4.30 pm, Fri 8 am - 9 am / Sat 9 am – 10 am (every other week)
Pegnitz	Kleiner Johannes 4-6 (area of Veolia Umweltservice Bayreuth GmbH & Co. KG)	Tue 2 pm – 6 pm, Thu 2 pm – 8 pm, Sat 8 am – 12 pm (every last Sat of the month)
Plankenfels	Wadendorf, by the sports field	Tue 4 pm – 6 pm, Sat 10 am – 12 pm
Plech	By the clarification plant	Sat 9 am – 12 pm
Pottenstein	Am Langen Berg 3 (city construction yard)	Thu 2 pm – 6 pm, Sat 9 am – 12 pm
Prebitz	Engelmansreuth, city construction yard by the sports field	Sat 9 am – 11.30 am
Schnabelwaid	Am Weihergraben, along B2	Sat 8.30 am - 12 pm
Seybothenreuth	Hauptstraße (clarification plant)	Mon through Fri 7 am - 9 am every first and third Sat of the month 10 am – 11 am
Speichersdorf	Goethestraße 8 (city construction yard)	Mi 5 pm – 7 pm, Sat 9 am – 12 pm
Trockau	(mobile recycling yard), parking area at the disco Stöckel	every last Sat of the month 9 am – 12 pm
Waischenfeld	City construction yard	Tue 6 pm – 8 pm (summertime) / Tue 4 pm – 6 pm (wintertime) / Sat 10 am – 12 pm
Warmensteinach	access to the clarification plant	Sat 9 am – 12 pm Apr - Nov additionally Tue 5 pm – 7 pm
Weidenberg	Birkenstraße, next to the city construction yard	Wed 5 pm – 6 pm, Fri 4 pm – 6 pm, Sat 10 am – 12 pm

► Disposal of green waste / garden waste

In each community delivery of green waste is possible, free of charge (up to a maximum of 1 cubic metre/ month), at the respective recycling yard or at the local composting plant. Organic waste is processed into high quality compost at altogether seven composting plants in the administrative district of Bayreuth. Kitchen waste and garden waste is turned into compost, a valuable fertilizer and soil conditioner, which provides for a healthy plant growth. Therefore the natural cycle is closed.

Composting plant „Am Buchstein“	Staatsstraße Bayreuth-Mistelbach, branch at Gut Geigenreuth	Tel.: 0921/9305768	Mon - Fri: 7 am – 5 pm Sat: 7.30 am – 1 pm / Dec – Feb: Mon - Fri: 8 am – 4 pm
Composting plant Pegnitz	Zipser Berg (at the airport), 91257 Pegnitz	Tel.: 09241/483720	Mon, Tue, Thu, Fri: 7 am – 4 pm Wed: 7 am – 12 pm Apr – Oct additionally Thu: 4 pm – 6 pm Sat: 9 am – 12 pm
Composting plant Bindlacher Berg	Goldkronacher Straße 34, 95463 Bindlach	Tel.: 0921/9305876	Mon - Fri: 7 am – 5 pm Sat: 7.30 am – 11.30 am / Dec - Feb: Mon - Fri: 8 am – 4 pm
Composting plant Thummert	Mergners, 91282 Betzenstein	Tel.: 09244/1274	Mon - Fri: 7 am – 8 pm Sat: 7 am – 6 pm
Composting plant D + S Kompost GmbH	Löffelweg 1, 96142 Hollfeld	Tel.: 09274/80321	Mon - Fri: 7 am – 8 pm Sat: 7 am – 6 pm

Composting Plant Reinhard Stoll	Görau 5, 95466 Weidenberg	Tel.: 09278/985720	Mon - Fri: 8 am – 6 pm Sat: 9 am – 4 pm
Private composting plant Altenplos	Am Berg, Unterwaiz, 95500 Heinersreuth (only for citizens of the community of Heinersreuth)		End of Mar – mid Nov: Sat: 3 pm – 5 pm / During summertime additionally Wed: 6 pm – 7 pm

► Donating instead of littering!

Many things, which end up on the bulky waste or in the residual waste bins, are too valuable to be thrown away. A good alternative is offered from second hand department stores, which operate non-profit. They accept furniture (only Kaufhaus Regenbogen), household goods, electric devices, textiles, shoes, toys, books and a good deal more.

Kaufhaus Regenbogen	Ottostraße 1, 95448 Bayreuth	Tel.: 0921/1501420	Mon–Fri: 9 am – 6 pm Sat: 9 am – 12 pm
RotKreuz-Laden	Bamberger Straße 9/13, 95445 Bayreuth	Tel.: 0921/403427	Tue – Fri: 10 am – 6 pm Sat: 10 am – 3 pm

► Collection of bulky waste / old electric devices

Up to four times a year burnable bulky waste, metallic bulky waste and old electric devices in common household amounts are getting picked up for free, if ordered in writing. For the application there is a special application card available at the district administration as well as the community office. Applications are also available at www.landkreis-bayreuth.de/abfall. Florescent tubes and energy saving lamps will not be collected, but can rather be taken to the electrical equipment discharge points respectively the mobile collection for problematic waste.

Examples for burnable bulky waste, which can be picked up:	air mattresses / armchairs / beds / big toys / carpets / chairs / chests (empty) / children's safety seats / couches / cupboards / desks / garden furniture / garden hoses / ironing boards / linoleum floors / mattresses / picture (frames) / PVC floors / scratching posts / screens / shelves / slatted frames / sports equipment / suitcases (empty) / tables / watering cans
Examples for metallic bulky waste, which can be picked up:	baking trays / beds / bicycles / big toys / chairs / cupboards / garden furniture / oil stoves (cleaned, without oil and fireclay) / shelves / sports equipment / tables / watering cans / wood stoves
Examples for old electric devices, which can be picked up:	Large domestic appliances (e.g. washing machine, dryer, electric stoves and dish washers); refrigerators and freezers; information and telecommunication devices (e.g. computers, telephones); entertainment electronics (e.g. stereo systems); small domestic appliances (e.g. toaster); electric and electronic tools (e.g. drills); toys, sports and recreation equipment (e.g. treadmill, ergometer); medical devices (e.g. body fat scale, digital thermometer); devices for monitoring and controlling (e.g. smoke detector)

► Delivery of bulky waste / old electric devices

Additional to free pick up of bulky waste and old electric devices by order, delivery of these items to the admitted discharge points is possible. For delivery of bulky waste a written confirmation is essential, which is available at the district administration, the local office or at www.landkreis-bayreuth.de/abfall. By request of the confirmation a list with all items which you want to deliver is needed, because it will be charted down on the confirmation. The delivery of old electric devices is possible without a confirmation.

Delivery of bulky waste with confirmation:

Müllumladestation (Waste transfer station) Bayreuth	Weiherrstraße 39, 95448 Bayreuth	Tel.: 0921/13791	Mon - Fri: 8 am – 12 pm, 12.45 pm – 4 pm after public holidays generally also the following Sat from 9 am – 12 pm (except Holy Saturday)
---	-------------------------------------	------------------	--

Delivery of old electric devices:

Gewerbemüllsortieranlage	Im Letterer 2, 95463 Bindlach	Tel.: 0921/9305769	Fri: 11 am – 5 pm
Firma Veolia Umweltservice Bayreuth GmbH & Co. KG	Kleiner Johannes 4-6, 91257 Pegnitz	Tel.: 09241/9880	Thu: 2 pm – 8 pm

► Disposal of hazardous wastes / problematic wastes

Hazardous household wastes have to be collected separately disposed environmentally sound (e.g. used oil, solvent, fuel, energy saving lamps, remains of liquid varnish). For this purpose take-back obligations of producers, which are plenty at hand, can be used primarily. For example, car batteries and used oil have to be retracted free of charge on presentation of the receipt. By no means may hazardous wastes be disposed into the residual waste or even the bio waste bin. In common household amounts they can be delivered to the mobile environmental collection, which approaches all communities of the district throughout the year. Dates of the problematic waste collection can be enquired at www.landkreis-bayreuth.de/abfall or under 0921/728-282.

► Disposal of construction wastes

Construction wastes are all wastes which arise through building and renovating operations. To these belong building rubble (brickwork, concrete, tiles, toilet bowls), unladen ground (soil, stones) and construction debris (foamed construction polystyrenes, plasterboards, glass bricks, mineral wool). Items made of metal (fixtures, radiators) and wood (planks, roof beams) as well as packaging materials (polystyrene, foils) can accumulate. With properly and separated disposal the building contractor saves costs and at the same time renders a valuable contribution to environment protection.

Bauschuttdeponie (Construction waste landfill) Benk	Next to motorway A9 exit Bindlacher Berg, 95463 Bindlach	Tel.: 0921/9305769	Tue and Thu: 2 pm – 5 pm (summertime)
Bauschuttrecyclinganlage und –deponie (Construction waste recycling plant and landfill) Unterschreez	Neuenreuther Straße 6, 95473 Haag	Tel.: 09201/99697	Apr – Nov: Mon - Fri: 7 am – 5 pm Dec - Mar: Mon - Fri: 8 am – 4 pm
BSR Bauschuttrecyclinganlage (construction waste recycling plant) Bayreuth	At Allersdorfer Straße (Laineck), 95448 Bayreuth	Tel.: 0921/9305780	Apr – Nov: Mon - Fri: 7 am – 5 pm Dec - Mar: Mon - Fri: 8 am – 4 pm
Bauschuttannahme at the Gewerbemüllsortieranlage (construction waste disposal at the industrial waste sorting plant)	Im Letterer 2, 95463 Bindlach	Tel.: 0921/9305769	Mon - Fri: 8 am – 4 pm
Bauschuttdeponie (construction waste plant) Wallner	Near Pegnitz between Penzenreuth and Gunzendorf	Tel.: 09643/91566 (office) 09643/3530 (plant)	Mon - Fri: 7 am – 12 pm 1 pm – 4.30 pm Sat by appointment
Bodenaushubdeponie (ground spoil plant) Familie Holländer	Eckersdorf, Lahm	Tel.: 09271/258	Appointment by phone

► Disposal of asbestos containing wastes

The delivery of asbestos cement products is possible at the residue plant Heinersgrund. Thereby safety regulations are to be heeded (among other appropriate protective gear has to be used; transport in dustproof labelled Big-Bag synthetic bags) and the delivery

is to be announced by phone in advance. Big Bags can be obtained in different sizes at Dachdecker-Einkauf (Bindlacher Str. 3, 95448 Bayreuth, Tel. 0921/726450) or at the Bayreuth city construction yard (Am Bauhof 5, 95445 Bayreuth, Tel. 0921/251848). At the residue plant Heinersgrund only none usable wastes can be deposited, matching the plant terms (e.g. plasterboard or asbestos eternity panels). Further information regarding delivery can be found on the internet at www.deponie-heinersgrund.bayreuth.de.

Reststoffdeponie (residue landfill) Heinersgrund	Ramsenthal, 95463 Bindlach	Tel.: 0921/251848 (Administration: Stadt Bayreuth, Herr Gras)	Mon: 7 am – 3 pm Wed: 7 am – 12 pm Fri: 7 am – 3 pm
--	-------------------------------	--	---

► Other waste management companies

Reifenverwerter (disposal of tires)	RTW-Rubber-Technology Weidmann GmbH & Co	Goldkronacher Straße 32, 95463 Bindlach	Tel.: 09208/57070	Mon - Fri: 7 am – 5 pm
Asphaltmischanlage (concrete mixing plant)	amo - Asphaltmischwerke Oberfranken GmbH & Co. KG	Rimlasgrund 36, 95460 Bad Berneck	Tel.: 09273/214	Mon - Thu: 7 am – 4 pm Fri: 7 am – 12 pm
Asphaltmischanlage (concrete mixing plant)	Rotmain-Asphalt GmbH	Bindlacher Straße 4, 95448 Bayreuth	Tel. Bayreuth: 0921/8002950 Tel. Creußen: 09209/347	Delivery of concrete to mixing plant Neuenreuth/Creußen Mon – Fri: 7 am – 4.30 pm
Gewerbemüll- sortieranlage* (industrial waste sorting plant)	Veolia Umweltservice Bayreuth GmbH & Co. KG	Im Letterer 2, 95463 Bindlach	Tel.: 0921/9305769	Mon – Fri: 7 am – 4.30 pm
Schrotthändler (junkyard)	Jean Bilsheim Recycling GmbH	Weierstraße 37, 95448 Bayreuth	Tel.: 0921/789190	Mon – Fri: 7 am – 4 pm
Schrotthändler (junkyard)	Johannes Schumann	Schressendorf 18, 95515 Plankenfels	Tel.: 09204/1240	By telephone appointment
Akten- und Datenvernichtung (destruction of documents and data)	König Akten- und Datenvernichtung GmbH	Tränkbühl 37, 95466 Weidenberg	Tel.: 09278/1300	By telephone appointment

*wastes from private homes as well as trade and industry are accepted, e.g. wood, synthetics, windows, card boards, fibreglass, small amounts of construction debris, plasterboards, roofing felt
